

# Play Move Learn Discover!

Join the community to learn more about the upcoming Preventing Obesity by Design (POD) project at Chapel Hill Day Care Center in Southern Village.

Wednesday, September 15th, 2010 from 6-8 PM  
at the Christ United Methodist Church at 800 Market Street in Southern Village.

POD is aimed at reversing the trend toward childhood obesity by improving **OUTDOOR ENVIRONMENTAL DIVERSITY** of childcare centers, which research suggests can increase children's level of physical activity and their awareness of the importance of healthy living.

POD is sponsored by the Natural Learning Initiative at NC State, Orange County Partnership for Young Children and Child Care Services Association.
