One great opportunity coming your way is to get Dash & Albert cotton, wool, or indoor-outdoor area rugs at substantial savings from their advertized prices online. Choose from all items in stock at 30% off. The rug sizes range from 2'x3', 3'x5', 4'x6' and 8 foot runners depending on their fabrication.

They work great in the kitchen, bath, entry hall, bedroom, laundry, mudroom, and even as a special pad for that favorite 4-legged friend. (I even saw a floor runner used on a wide table as a stylish drape.) Maybe you can think of some other creative ways to use these flexible woven rugs.

Give your floors some attention and add great color and flair to your home. Come in while supplies last.

There are plenty more things to choose from but we don't want to forget to show you the selections in tapestry throw pillows from France that are on sale for 40% of their retail price. This pillow is called 'Mona Lisa', depicting a charming Yorkshire Terrier. For those of you that don't have a precious pup at the moment it would make a great no care pet for your home. She's encouraged to get up on the furniture - maybe a couch or favorite chair!

This Antelope pillow coordinates with a collection companion Zebra pillow in the natural ivory background or in a striking purple-toned background. This would add just that touch of adventure to your home and cost much less than that African safari trip you were wishing for in your stocking or travel planning. These beautiful lifelike portrait pillows would work well in a contemporary or traditional setting.

The feather pillows come with removable covers offering safe cleaning should anything mar their surfaces.

Please stop by and check out more specials as we open our cupboards for the holiday sales and store closing. We will be open Tuesday through Saturday through December from 10am to 5:30pm and please call if we can help you find that perfect gift. 919-929-8686.
